To: Residents and Staff
From: Al Allison, President & CEO
Subject: Weekly COVID-19 Update
Date: August 6, 2020

A handwritten signature in blue ink, appearing to read "Al Allison", is placed to the right of the "From:" line.

Baptist Homes Society continues in its battle with the COVID-19 virus. Since our last weekly update on July 31, 2020, there have been no residents at the Baptist Homes or Providence Point campuses who have tested positive for COVID-19. There is one employee who tested positive for COVID-19. Anyone who was potentially exposed to the virus due to close contact with this individual has been informed of the possible exposure and the next steps to take. Retesting due to potential exposure will be completed.

Our skilled nursing, personal care, and memory support residences continue to follow the Governor's mandates regarding visitation, communal dining, group activities, and beauty and barber services. In addition, staff and visitors continue to be screened for signs and symptoms of COVID-19 at the time of entering our buildings. Staff and visitors must wear a mask at all times while in our buildings. All packages for healthcare residents are to be left outside our entrances for delivery by our staff.

In accordance with the updated guidelines issued by the Pennsylvania Department of Health outlining the process to follow in an incremental lifting of the restrictions, Baptist Homes Society continues to work on plans for the re-opening of our campuses. An important part of that process is a third round of universal COVID-19 testing for healthcare residents and staff, which is currently underway. We will keep you apprised of our progress in the re-opening process.

The number of COVID-19 cases continues to grow in Pennsylvania. In order to help contain the spread of COVID-19 and to keep ourselves, our families, and the residents we serve free from the COVID-19 virus, each of us must be diligent to continue to:

- ❖ Wear masks while at work,
- ❖ Follow the mandate of the State's expanded face-covering and mask-wearing order to, essentially, wear a mask "whenever anyone leaves home,"
- ❖ Practice social distancing of 6 feet or more,
- ❖ Continue to observe appropriate cough and sneeze etiquette,
- ❖ Continue to wash hands frequently for at least 20 seconds with soap and water, and
- ❖ Use hand sanitizer frequently when hand washing is not practicable.

Thank you for your continued understanding, cooperation, and compliance with all of the measures that are in place due to COVID-19.

Please continue to keep Baptist Homes Society, our residents, and our staff in your prayers.

God bless you.
